Legal Professions' Act.

In the division of labor, we find a class called in common parlance "lawyers." This class is subdivided into Barristers and Attorneys, each of whom in different courts in sundry places in the Empire appear under different professional titles such as Surrogates, Proctors, Advocates, Writers to the Signet, &c. For nearly every year, for a dozen years the "lawyers"—our future Lord Chancellors—have been either opposing the popular wish to have the two branches of the profession—the Barristers and Attorneys—united, —or have been protesting against each other and those who have attempted to do so. Divers attempts have been made to treat them as they deserve, or as they ought to be treated, that is: to free trade in law as in blacksmithing, shopkeeking, farming, or preaching. But no matter how they have disagreed about merging the two branches of the profession into one, we have yet to hear from the first practitioner who is in favor of Sir Richard Bethel's Bill to place lawyers on an equality with other callings. In 1867 an Ordinance was passed altering the profession in Vancouver Island so as to be both Barrister or Attorney as each individual pleased. But in the days of Mr. Justice Needham, if we are rightly informed, in whose judical reign the Ordinance was passed, attorneys who tried to act as barristers, received an intimation that such an innovation was not desirable; and consequently the inferior branch of the Legal Profession had to submit to the dicta of the Bench, or stand in mortal dread of not succeeding well in practice, if the views—the prejudices—of the judge in such a matter were thwarted. Poor Attorneys! they have played about the same part to the barristers as the jackal has traditionally done to the lion—they have been the barrister's provider. No matter what capacity, what learning, or how efficient in their profession yet they were born men but doomed to die attorneys,—so far at least as the lawson the subject went. No attorney could become a barrister because no provision was made to enable the the talented and efficient solicitor to graduate in a higher Department of his profession—that is, to become a barrister. If he knows as much of the law as a Lord Chancellor, it is all the same—attorney he is and attorney he must remain. Times have changed, however, somewhat. The barristers are getting rid of their pride, and seem disposed to act as solicitors as well as barristers. They have even gone a step further. They are disposed to allow the solictors to become their professional equals. Hence, a bill is now before the Council not merely to allow a barrister to act as an attorney, and an attorney as a barrister, but to make barristers out of attorneys. Outside of the profession, there cannot be a single objection to the new bill. The sooner it is law, the better; and the public will once and forever get rid of the chronic subject of a union of the two branches of the legal profession. Some objection may be urged to making barristers by act of Parliament, instead of by study. But we know of no other way in which the difficulty can be overcome. There is one provision, however, that ought to be added to the Bill, that is, to allow any one to be admitted as solicitor or barrister who can pass an examination,—no matter how, or when, or where he qualified himself to practice law, either as barrister or attorney. We hope before the Bill passes, that such a provision will be grafted into it, and then all those who may aspire to become lawyers, and qualify themselves, may, on examination, be admitted to practice, with all the honors.

The Tariff.

The Message of Lord Lisgar, in reply to Governor Musgrave, requesting permission to alter our Tariff this Session, will be found in our Legislative report. It puts the question at rest at present; but holds out the inducement that the Dominion Government may hereafter consent to the modification of our Tariff, as asked by the Legislative Council. The wisest course, under the circumstances, is to let the matter rest until the next Session of the Legislature. In the meantime, the Government of Canada may consent to such alteration in the Tariff as will meet the views of everybody.

The Proclivities for Sensation.—It is astonishing that in this modern, and supposed to be more refined age, that a custom still exists which originated in the Fifteenth Century from an accidental circumstance of Maids and Bachelors amusing themselves on the 14th of February, by drawing lottery-wise, a name to be taken seriously or in joke to represent their future wives or husbands. Their custom modernized, exhibits the same tendency, in the form of Valentines. Some charts in appearance, and sentiment, and others grotesque and calculated to please or offend. T. N. Hibben & Co. are prepared for the coming St. Valentine's Day in the modern and most pleasing form. *

☞ Memory presides over the past. Fell's Coffee over the present. The first lives in a lofty temple hung with glorious trophies, and lined with tombs, but Fell's Coffee has but one shrine and that is every breakfast table. Its aroma walks the *earth* like a spirit and can be found for sale at every respecnable dealers in British Columbia. Beware of spurious imitations. 1y *

A Requisite Supplied.—To avoid the necessity, which has heretofore existed, of sending to San Francisco to have finished book-binding, Robert Williams has, by steady application and practice in the largest establishments in California, perfected himself in the art of book-binding and ruling, both plain and ornamental, and is supplied with all the necessary material and machinery. Always to be found at T. N. Hibben's & Co. *

That original cheap and Easy Shaving Shop at Fred Payne's, on the sunny side of Johnson street. 3m *

PUBLIC NOTICE.

SEALED TENDERS, addressed to the Chief Commissioner of Lands and Works, are hereby invited to be sent to this Office, by noon of the 6th proximo, for the construction of a trail from a point on the left bank of the Skeena River, near the junction with it of the Westenquah River, to the West bank of Tatlah Lake, opposite the point known as Tatlah Landing, crossing Babine River at the head of Babine Lake.

The trail is to be constructed on a line to be laid out by an Agent of this Department, and in accordance with a specification which may be seen at this Office.

The proposed trail is to be divided into two sections, the first extending from the Skeena River to the right bank of Babine River, and the second from the said right bank of Babine River to Tatlah Lake, including a bridge across Babine River.

Government propose, as remuneration for this work, a charter granting the privilege of levying certain tolls for a stated period. The competition, therefore, will be on the rates of toll and the duration of charter. Tenderers are to offer for the construction of each section separately, stating in full the schedule of tolls they propose to be authorized to charge, and for what period of years, as compensation for the work of constructing each such section.

The Government intends to reserve in any charter that may be granted, power to resume the charter-right after Three Months' notice, on payment to the Grantees of the actual cost of the work executed, to be ascertained and decided, in case of dispute, by the Chief Commissioner of Lands and Works or other Officer appointed for that purpose by the Governor, with 25 per cent. added thereto as profit on the undertaking.

With each Tender must be enclosed a bond (forms of which may be obtained at this Office) of the person tendering, and of two responsible Sureties with him, for the payment to Government of Five Hundred Pounds (£500) conditional on the non-fulfilment by the Tenderer of the terms of the Tender, if accepted within Fourteen days from the date up to which Tenders are hereby invited.

The Government does not bind itself to accept the lowest or any tender that may be sent in. JOSEPH W. TRUTCH.

Communication Between Victoria and Nanaimo, Comox, &c.,

TENDERS ADDRESSED TO THE CHIEF Commissioner of Lands and Works, and endorsed "Tender for the Conveyance of Mails to Nanaimo, &c." will be received at this office until noon of the 10th proximo, for the conveyance of Mails by steamer, between the following points, for one year from the 1st of March 1871:—

Between Victoria and Comox twice a month each way.

Between Victoria and Sooke once a month each way, calling when necessary and practicable at the Race Rocks Lighthouse.

Between Victoria and Nanaimo, calling at Harris' Landing, Maple Bay, and Salt Spring Island (inside settlement), once each way weekly. Tenders to state the days and hours of departure and arrival of the various Mails from and at each place. The name and full description of the Steamer by which it is proposed to carry the said Mails; the rate per trip asked for the conveyance thereof, as well as the rates of freight and passage money proposed to be charged, and to give the names of two persons willing to become Security for the due performance of the contract, each in a sum not less than one-sixth of the amount of the contract for the year.

The Government will be disposed to give preference to the Tender of any person who may offer the greatest facilities for the conveyance of the Mails by a seaworthy steamer of suitable capacity and speed, and who may agree to charge the least rates for the conveyance of passengers and produce between the above places, but does not bind itself to accept the lowest or any tender. Further particulars may be obtained on application at this office.

THE LEGISLATIVE COUNCIL.

THURSDAY, Feb. 2nd, 1871.

The Council met at 1 o'clock, p. m., to-day.

Present—Hons. Messrs. Hankin, (Speaker) Trutch, Phillippo, Hamley, Helmcken, Carrall, and Messrs. Nelson, Humphreys, Alston, DeCosmos, Nathan, Bunster, Skinner and Pemberton.

The Minutes of last meeting were read and confirmed.

MESSAGE ON THE TARIFF.

The Speaker read the following Message to the House, from His Excellency the Governor:

Referring to the message from the Hon. the Legislative Council, of the 24th ultimo, with a Resolution requesting the Governor to move the Government of Canada to consent to the alteration of the British Columbia Tariff in certain particulars, by the Legislature of the Colony, during the present Session, the Governor forwards for the information of the Council, a copy of a Telegram which he transmitted to Lord Lisgar, upon this subject, and of the reply which he has received.

Government House,
2nd Feb., 1871.

GOVERNOR MUSGRAVE TO LORD LISGAR.

VICTORIA, 25th Jan., 1871.

To Lord Lisgar, Ottawa.

Legislature, by Resolution, request me to seek consent of your Government to alteration of our existing Tariff, during the Session, by reducing duty on spirits to Canadian rate eighty cents per gallon; on flour, to 75 cents per barrel; on wheat, to ten cents per bushel; so as to enter Union, with British Columbia Tariff so altered. Aggregate revenue would not be less than under Canadian Tariff. I recommend assent. Telegraph reply.

(Signed) A. MUSGRAVE.

LORD LISGAR TO GOVERNOR MUSGRAVE.

OTTAWA, Feb. 1st, 1871.

To His Excellency Gov. Musgrave, Victoria:

The Terms of Union are in nature of a Treaty. They have been extensively published in Canada, and accepted by British Columbia and the Canadian Government; therefore think they have no right to alter those Terms after acceptance by Canada. Parliament may, in its discretion, modify the Tariff, on the request of British Columbia. It have no doubt Parliament will consider any proposition made by you, with a desire to meet your views, as much as it properly can.

(Signed) LISGAR.

Mr. Humphreys wished the Message printed.—Carried.

Dr. Helmcken moved to place the Message on the table, for future consideration.—Carried

NOTICES OF MOTION.

Mr. Nathan moved for a Return shewing the Exports from British Columbia for the years 1867-68-69 and '70, specifying articles, quantities, and values, and countries to which exported; also, a Return of Bonded goods shipped in sea-going vessels, or supplied to Her Majesty's Navy, specifying articles, quantities, and values; also, a Return of all goods in Bond on 1st Jan., 1871, specifying articles, quantities, and values.

Mr. Nathan—that on Wednesday next, he would move that the adoption of the Canadian Tariff be further considered.

Mr. Humphreys gave notice that he would move on 3rd Feb., that a respectful Address be presented to the Governor, praying for a copy of His Excellency's reply to the application of Messrs. Ritchie, Blair, and Smith, for a lease of land for grazing purposes; also,

That on Feb. 3rd, he would ask the Hon. Chief Commissioner, whether it is the intention of the Government to let by contract the Survey of the Pre-emption and Grazing claims, proposed to be surveyed during the present year; and if such surveying by contract would not be cheaper and more expeditious than the present slow and expensive system.

Mr. Humphreys gave notice that on 3rd of Feb., he would move that an Address be presented to the Governor, praying for the Returns of all moneys expended and collected on the Douglas-Alexandria, and the Yale-Clinton-Cariboo waggon roads, from the beginning and completion of said waggon roads, together with the amount of indebtedness and the Interest per centum paid and to be paid on said indebtedness appertaining to said waggon roads.

Mr. Nelson gave notice as follows:—

Whereas the Tolls levied upon certain goods and commodities passing over the trunk road of the Mainland portion of British Columbia, bear injuriously upon the industrial interests of the interior; and whereas the public debt incurred by the construction of the said trunk road will be assumed by the Dominion Government, upon the Union of the Colony with Canada; be it resolved, that an humble Address be presented to His Excellency, recommending that on and after the Union, the Tolls now levied upon certain goods and commodities passing over the said trunk road of the Mainland, shall cease and determine.

PETITION.

Mr. Nathan presented a petition from the following Attorneys and Solicitors, praying for the passing of the amended Legal Professions Bill, now before the House:

Messrs. Drake, Jackson, Aikman, Pearkes, Johnson, Bishop, Davie, and Courtney.

J. F. McCreight and A. R. Robertson, Barristers, had no objection to the Bill.

Petition read.

THE CONSTITUTION ACT, 1871.

This important Bill came up for a second reading. The Hon. the Attorney General, in moving the same, briefly remarked that it was usual that the second reading of the Bill admits the principle of the Bill. He would not take up the time of the House in the arguments adduced in support of the Bill. The House, by resolution, asked the Governor to send down a Bill, and it was accordingly sent down and admitted, and nothing remains but to go into Committee to discuss it. It has been printed, and in Committee it can be discussed. He would at once move for a second reading.

Mr. Nathan seconded. Carried.

Mr. Bunster opposed the second reading—at once.

Dr. Helmcken—You can object to anything in Committee.

The House then resolved itself into Committee of the Whole, on the Bill—Mr. Skinner in the Chair.

Clauses 1 to 6 inclusive, passed without dissent.

Clause 7, providing that the number of members of the House be twenty-five, was discussed.

Hon. Dr. Carrall favored taking from the four members provided for Victoria City, one member to represent the Omineca district—as separate and distinct from Cariboo district, thereby making fourteen districts altogether.

The Attorney General said the Bill was settled in the Executive Council, and all the members but one voted on the same side.

The clause was postponed for consideration and to be taken up on the consideration of the schedule of the Bill.

Clauses 8 and 9 were also postponed.

Sections 10 and 11 passed.

Clause 12 passed amended, on motion of Mr. DeCosmos, by substituting five hundred dollars in lieu of two thousand dollars, and reads:

If any person so disqualified, or declared incapable of sitting or voting in the Assembly, sits or votes therein he shall thereby forfeit the sum of five hundred dollars for each and every day on which he so sits or votes, and such sum may be recovered from him by any person who will sue for the same by Action of Debt, Bill Plaint, or Information, in any Court of competent Civil Jurisdiction in this Colony.

On Section 13 being considered the Attorney General said it was the intention to bring in Bills relating to the franchise and registration of voters, &c.; and this Bill may be sent to the Queen for assent, while the other acts are being considered by the House, so as to be prepared for Union at an early date.

The remaining clauses up to, and including clause 38, passed as read.

In considering clause 39, Mr. Humphreys moved for twenty-five cents mileage to be given to Mainland members, except those to represent New Westminster City and District.

Hon. Mr. Trutch—That would be forty-five dollars from here to Yale.

Mr. Humphreys said, perhaps the next member for that district might be returned from Okanagan. He only wished members paid their actual expenses in attending upon their Legislative duties.

The Hon. Attorney General said, it was intended that the fifteen cents per mile for expenses of travelling, be an average sum; in some cases, it would more than cover the expenses of travel.

Hon. Mr. Trutch stated—from here to Barkerville is 560 miles and at 25 cents per mile, the amount would be $140—coming and returning, $280. At present rates of fare and travelling expenses, a person could go for $100; in winter, of course, it might be more. It was the intention to provide for the average expenses of members. He believed 15 cents a mile quite sufficient for the trip from Victoria to Barkerville. It was expected that this summer the fares would be down to $40. Going from here to Barkerville, Government officials were allowed $5 per night for expenses; he found it sufficient himself—it ought to be sufficient for representative officers on duty. Although some may suffer slightly, other members may gain; he thought the view of the question taken by the Executive was a fair one. In view of the future, he had reason to believe the expenses of travel would be much reduced. He did not favor the amendment.

Mr. Humphreys would accept an amendment providing twenty cents mileage.

Lost—6 to 4.

Ayes—Nelson, DeCosmos, Humphreys, and Bunster.

Clauses 38, 39 and 40, having reference to the payment of members in the next Council, read as follows:

In each session of the Assembly, there shall be allowed to each member of the Legislative Assembly attending at such session, five dollars for each day's attendance, during the period of fifty days, if the session shall continue so long, but no such allowance shall exceed the sum of two hundred and fifty dollars.

Each day during the session on which there has been no sitting, or on which the member has been prevented by sickness from attending any sitting, but on which, in either case, he was in the place where the session is held, shall be reckoned as a day of attendance at such session.

There shall also be allowed to each member of the Legislative Assembly, *fifteen cents* for each mile of the distance between the place of residence of such member and the place at which the session is held, reckoning such distance going and coming.

Each member, at the close of any session, shall make and sign, before the Speaker of the Assembly, a solemn declaration, stating the number of days' attendance, and the number of miles of distance for which such Member is entitled to the said allowance; and such declaration may be in the form in the Schedule hereunto annexed, marked B., and shall have the same effect as an affidavit in the same form.

The remaining clauses, from 41 to 49, were agreed to without dissent.

Postponed clauses were next in order, when Mr. Nelson moved to rise and report progress, as two of the Mainland members were absent, and the committee had come to a part of the Bill of considerable interest to the Mainland.

Mr. Trutch accorded—but it was strange that the hon. members should absent themselves. He would ask hon. gentlemen to come prepared if they proposed to make alterations in the boundary lines of the various districts.

The Attorney General—And also to keep in view, as far as possible, the boundaries embraced in the Address to the Queen.

The Committee rose and were granted leave to sit again—first thing on Friday.

LEGAL PROFESSIONS AND OTHER BILLS.

The second reading of the Legal Professions Bill, and the Customs Repeal Bill, was deferred until to-morrow; also, the introduction of Thomson's Road Steamers Bill.

The Council then adjourned until Friday (to-day), at one p. m.

FROM NANAIMO.—The steamer Sir James Douglas, Capt. Clarke, arrived from Nanaimo and way ports yesterday afternoon, with about twenty passengers, among whom we noticed Mr. Webb, Mrs. Smallbones and family, Mr. Harris, Mr. Lewin, and Capt. Mc Kinnon. An Indian prisoner, who was committed for trial at the next Assizes, for stabbing another Indian, was brought down and lodged in gaol. The bark Shooting Star is loading coal, and the brig Orient, stone; both vessels will be ready for sea in about one week.

MAINLAND ITEMS.—We have files of the *Mainland Guardian*, up to the 2nd instant, from which we glean the following:—Large investments have been made in land, on the Lower Fraser, during the past week. The last sale made, was at the rate of $5 per acre.....The sale of town lots at New Westminster, for Municipal taxes, will take place on the 13th instant.....Mr. Wilson, of the Thompson, killed a three year old steer, weighing 960 lbs...The farmers on the south arm of the Fraser have petitioned to have the Fence law applied to that section.

CONCERT.—The Committee of Arrangements of the Mechanics' Institute, as will be seen by an advertisement elsewhere, intend to give a Concert on the 7th instant. The members of the different choirs in the city have volunteered their services for the occasion, and there is no doubt but there will be a good evening's enjoyment.

FROM SITKA.—We learn from the Port Townsend *Message*, that the United States Revenue Cutter Reliance, arrived at Port Townsend on Saturday last from Sitka, being 17 days on the passage. The Reliance left no vessels in port at Sitka. There are about 200 troops at Sitka.

FROM PUGET SOUND.—The steamer Isabel, Capt. Starr, arrived from Puget Sound last evening at 8 o'clock. She brought a small English mail, and will leave again for the Sound at 10 o'clock this morning.

I. O. O. F.—Six gentlemen arrived from New Westminster yesterday afternoon, on the steamer Otter, for the purpose of applying to the Odd Fellows of this city for a charter for a new Lodge to be founded at New Westminster.

FROM NEW WESTMINSTER.—The steamer Otter, Capt. Lewis, arrived from Westminster yesterday afternoon, with about thirty passengers, among whom were Mr. E. Brown, J. T. Scott, W. J. Armstrong, H. V. Edmonds, Messrs. Mulligan, Ewing, Boyd, Turner, and Capt. Irving.

TO FARMERS.—Mr. J. Reuff wants to purchase several tons of potatoes and wheat for which he will pay the highest cash price. This is a good opportunity for farmers to sell their produce.

SPECIAL TO THE DAILY STANDARD.

LAST NIGHT'S DISPATCHES.

EUROPE.

NEW YORK, Jan. 31—A *Herald's* Versailles special of the 26th says: As the facts concerning negotiations, develope better feeling is evident among both French and Germans, and all begin to agree in hoping for the termination of the war. The French are especially well pleased at the apparent modification of the German desire to humiliate Paris by a temporary entry into the Capital.

The negotiations between Bismarck and Favre are most interesting.

The arrival of Favre was known to no one except those immediately concerned in conducting him through the lines. On his arrival he was immediately admitted to the presence of the Chancellor, who asked him what was the object of this visit. Favre was much affected and replied, to put a stop to the terrible sufferieg in Paris, now that hope for relief from without is lost, Paris must seek peace. All we ask is such consideration as a generous enemy might give without the loss of advantage or honors. Bismarck expressed his desire to do all in his power to show his repect for the suffering and gallantry of the French nation, consistent with the safety, honor and interest of United Germany. This had been from the first to the last, object and desire of the Emperor and his advisers, since the commencement of this unhappy war was forced upon them. Favre first demanded the terms already reported. Bismarck replied, it is not in my province to refuse or accept the terms, but I must say that the terms are such that I cannot myself approve of, and I feel confident that my august master will reject them. However it is my duty to submit them for his consideration. Favre was politely placed under surveillance. The first overtures were promptly rejected. After Favre's return the acceptance in substance of the terms demanded by the Emperor.

Great excitement prevailed at Versailles.

An interview again took place between Bismarck and Favre. The former afterwards waited on the King and Council, when Favre's acceptance the on part of the Provisional Government was submitted.

Rumors are current that General Von Moltke is greatly dissatisfied with the Crown Prince's army, on the occasion of a sortie of the 19th. He thinks the ground was lost unnecessarily, and expressed his opinion openly. There is a growing coldness in consequence, between the Prince and the Commander-in Chief.

LONDON, Jan. 30—All the rivers are open for transportation to Paris.

Bismarck leaves France after the meeting of the Assembly at Bordeaux.

The early return of the Emperor William is expected.

The Germans rigidly maintain the passport regulations during the armistice.

LILLE, Jan. 30—The armistice astounded the North. The impression is rather favorable but undecided, awaiting conditions of peace.

It is said that the Germans have invested Abbeville, notwithstanding the armistice.

LONDON, Jan. 31—The armistice begins instantly in Paris, and within three days in the Departments, and ends in the North, Feb. 19th. The dividing line divides the departments of Calvado and Orne. The Germans holding Sarandee, Loire, Cherloret and Youne, in the neighborhood of Jura. It is expected that the sea forces are included in the armistice and capitulation. The prisoners of war are to remain during the armistice in Paris. After surrendering arms the National Guards and Gen d'Armes remain under arms as a police force.

All the Franc Tireurs are to be disbanded.

A Berlin dispatch says: The Bonapartist negotiations with Bismarck take an important turn. Later dispatches say there is great consternation at Wilhelmshohe in consequence of the proposition to call a constituent assembly.

LONDON, Jan. 30—Gambetta ratifies the capitulation, and will not resign.

Later—Gambetta is reported to have committed suicide.

Empress Eugine, after a stormy interview with the Duke de Persigney, ordered him out of her presence, since he persisted in urging her to consent to the dismemberment of France.

There are demonstrations in several French towns against the armistice and mutilation of France; and the municipalities appear to maintain resistance, and have sent deputations to Bordeaux with that object.

BORDEAUX, Jan. 30—Gambetta telegraphed to-day, to Favre, at Versailles, requesting him to break silence to the Minister, whose arrival was announced, the motives of delay, and positive information respecting the condition of Paris.

LONDON, Jan. 31—The re-assembling of the Conference is again postponed, in consequence of the illness of Gladstone.

Postal communication between London and Paris is severed.

The Prussians are driving cattle to Paris, to feed the inhabitants.

Bismarck has notified the British Foreign Office that the Dieppe line is alone at present available for the transportation of provisions to Paris. But, until sufficient supplies are received, the Germans will share their food with the citizens.

The French forces are again advancing from the south of the Loire.

The execution of the terms of the armistice, between Favre and Bismarck, proceeded yesterday, without interruption.

The Prussians destroyed the bridge at Blois, which stopped the advance of the French, who subsequently retreated southward.

Gen. Manteuffel incloses the army of Bourbaki on the Swiss frontier. He overtook the retreating French at the west point of Arlier, capturing W. Chapier, with 3,000 prisoners and 6 waggons of artillery.

LEMANS, Jan. 31—A *World* special says:—Prince Fredrick Charles has communicated the stipulations of the armistice to Chauncey, and asked whether he regarded them as binding on him.

ROME, Jan 31—Herr Von Armien, German Ambassador to Rome, presented the Pope with an autograph letter from Emperor William, thanking His Holiness for the peace counsel, and expresses conciliatory views, but makes no reference to temporal power.

FLORENCE, Jan. 31—In a debate in Parliament, on the Papal guarantees, explanation was made by the Government that the responsibilities it was about to assume towards the Pope were the same as those adopted by the advice of Cavour, with relation to the liberties of the Church, and that the personal effort of that policy would be to exempt the Pope from subjection to any temporal authority.

EASTERN STATES.

WASHINGTON, Jan. 31—The Soldier's Pension Bill was passed in the House, to-day.

The Speaker presented a message from the Senate, to restrict the Committee of Conference on the question at issue between the two Houses. In regard to the right of the Senate to originate the Bill to repeal the Income tax.

Hooper moved to concur in the request to the Senate.

Maynard desired action to be postponed until to-morrow. He believed this was not a question for a conference, but a matter under consideration for the exclusive judgement of the House.

In answer to an enquiry from Randall, the Speaker said the Conference would have no power to consider the Bill itself, only the right of the Senate to originate such a Bill.

The Conference was agreed to, and Hooper, Allison and Voorhees were appointed on the part of the House.

NEW YORK, Jan. 31—A Washington special says it has been signified some days past the discountenance in official circles of the House with Pleasonton, Commissioner of Internal revenue, and a change in that department is predicted by those best informed in the financial policy of the head of the Treasury. Extraordinary statements are made of the cost of collecting the tax, and his assumed familiarity with business, when his seat is hardly warm under him, are severely criticized. It has been asserted that Pleasenton was made Commissioner through the influence of General Ingalles and others, who are interested in the New York Central Railroad tax case, and it was rumored to-day that he would resign after February 10th, the time set for determining that case. The amount of tax involved is one million dollars. Whether these rumors have any other origin than that of general dissatisfaction, is impossible to tell. But the appointment of Pleasenton is objectionable to a large number; having spent five years in the regular army, his fitness for such an important civil service is called into question. He has brought into his office rulings and manners of a martinet, and is regarded by his subordinates as harsh and unreasonable. His recent order, excluding representatives of the press, and his bulletin of news is a fair specimen of his work.

It is also rumored that Deputy Commissioner Wilson, of Indiana, will soon resign, at the request of the Secretary of the Treasury.

The conclusion of the armistice of Paris enables German steamers to resume their trips via English ports.

WASHINGTON, Jan. 30—There was a fearful expose in the House yesterday, of the dark ways and corrupt prctices of the lobby, and its influence on Congress. The House appropriation Bill, by the Postmaster General, for nearly half a million dollars to pay a claim of one George Chopering, for an ancient mail service, and repudiated by the post-office department for the last ten years, was brought up. This led to the passage of a resolution asking for the suspension of payment until an investigation could be made by the Committee. In the investigation it proved a most remarkable state of things. It was shown that the counsel of the claimant, was ex-First Assistant Postmaster General, and law partner with Postmaster General Creswell. A joint resolution, to pay the claim, was past through the House by Mr. Dawes of Pennsylvania, under suspension of the rules of order, without report or debate. It passed the Senate the same day, and was signed soon after by the President—comprising in all but 15 hours. Mr. Earle submitted what purported to be a report of the Postal Committee to Postmaster General Creswell, in favor of this, but which proved to be without the slightest foundation. No report was ever made by such committee, or ever discussed by them. Creswell, instead of waiting for an appropriation to pay the claim, drew a draft against the General Fund for it, and paid it in face of reports made by the Postmaster General, Brown, Holt, Blair, Randall and himself, that this claim had no foundation in law or equity. These and many other facts brought to the attention of the House by Dawes and Beck, produced consternation. A resolution was unanimously passed, repealing the joint resolution to pay the claim.

CALIFORNIA.

SAN FRANCISCO, Jan. 31—There is going to be a lively contest over the claim of the Spring Valley Water Co., for $48,000, for water furnished the city for the use of the City Hall, hospitals and other public building, for two years. The general opinion is that the bill is too high.

The French in San Francisco are not generally satisfied with the prospect of peace on the terms proposeds, and some of them who have given most liberally express their willingness to double, and even quadruple their subscriptions, should the war be resumed by the Republic.

The steamer Colorado, from Panama, two days overdue, is coming in this evening.

Sailed—Ship Great Admiral, Manilla; ship Herald of the Morning, Singapore.

The sloop Eliza was wrecked on Point Lobas this evening. The crew escaped.

Rivas, Mexican Consul, under orders from Mexico, declines to sign any clearances for vessels or goods for Magdalena Bay. The Lower California Company having advertised free ports, free trade, &c., he notifies the public that Magdalena Bay is not a port of entry, and any goods landed there will be liable to seizure. The only port of entry on the peninsula of Lower California is Lapaz. The Coolie ship owned by the Lower California Company was refused a clearance for Magdalena Bay. She sailed without papers.

The U. S. steamer Nyack, from Honolulu, with advices from the crew of the wrecked war steamer Saginaw, is now due, and her arrival is looked for with much anxiety.

GRASS VALLEY, Dec. 31—Robt. Cute, the man who was hurt by falling down stairs on Sunday, died of his injuries this morning.

NEVADA.

VIRGINIA, Jan. 31—The Germans of this city, Gold Hill, and vicinity, are having a grand jollification this evening over the great triumph of the German arms in France and the capitulation of Paris, and the consequent near approach of peace.

In the Senate, a concurrent resolution was introduced and adopted, asking Congress to take measures to exclude Chinese labor from the Carson mint.

RENO, Jan. 31—About 5:30, p. m., to-day, while the Swanville stage was approaching the town, at a point 1½ miles north, two men, masked, jumped from behind the sage brush, one catching the horses by the head and covering the driver with a revolver, and the other covering the passengers with a pistol in each hand and calling on all to raise their hands. The driver was then requested to dismount, when they searched him and obtained $150 coin. Major Eggleston, U. S. A., was then requested to dismount, which he did. The robbers searched him and found $200 in his pockets, and requested him to remove the belt around his waist, which contained $7,000. The robbers must have known of the fact and followed him for some distance. While they were examining the Major, the driver, from whom they had taken a revolver, drew his derringer and fired at one of the villains, and undoubtedly hit him in the breast, as he fell to the ground. He afterwards got up and staggered off, firing as he went. The other robber dropped. The report of the pistol caused the team to run away. They ran a distance of half a mile before they were stopped. Lieut. Hay and another man proceeded back to follow the robbers, and when they arrived at the scene of the encounter, they found the Major's belt, containing $7 000, and $200 in private funds.

Where she intends carrying on the Business she so successfully managed on Fort Street She begs to thank her former customers, and hope they will patronize her in her more extensive undertaking, assuring them that as she has made arrangements for the arrival of GOODS by each vessel from European Manufactories, that she is in a position to offer her wares at the **LOWEST PRICE** and that no attention shall be wanting to give the greatest satisfaction.

She takes this opportunity to warn all purchasers against **CHEAP CANDIES** as she sells none but from the well known House of Weatherspoon, whose guarantee and Analysis has proved that their Candies contain no whiting and other deleterious matter, and therefore purchasers should not look so much to Cheapness as the health of themselves and their children.

MRS. JOHNSTONE would further intimate that

NOTICE TO ARCHITECTS.

THE CHRIST CHURCH BUILDING Committee invite Architects to send in by the 31st March next, Designs, Working Drawings and Specifications, under seal addressed to the undersigned, for a Wooden Framed Church capable of seating 500 persons, to be plastered inside and rough-cast outside, to be built on a foundation of Rubble-Stone masonry, on the site of the former Cathedral, on Church Hill, Victoria, British Columbia. The cost of the building is not to exceed $20,000. The Committee are of opinion that Gothic would be the style most suitable to the site and material of construction proposed.

DR. CHING FUN—A CARD—EDITOR STANDARD:—Through the medium of your paper I want to state the very great good that has been done me by Dr. Ching Fun of this city, next door Kwong Lee & Co. For 24 years I suffered with neuralgia on the brain, which baffled the skull of three first-class American physicians. Latterly bronchitis attacked my right lung, and my eyes became awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit him and find relief. Respectfully,

JOHN HENTON, of Kentucky, U. S.
